

Sprint 4 Report
Cloud Canviz
Cumulonimbus Artem
December 1, 2019

Actions to Stop Doing

- 1) Stop doing online scrum meetings (In person scrum is a more productive experience in hindsight)
- 2) Stop making infrequent and late merges

Actions to Start Doing

- 1) Double check and make sure we have a working prototype that is capable of being demonstrated
- 2) Get ready to present our project to the class.
- 3) Organize our documentation to get ready for submission
- 4) If bugs exist in our project, document it in the Working Prototype Known Problems Report

Actions to Keep Doing

- 5) Continue to keep the following our teams documentation standards to make clean code as well as document our code
- 6) Continue to utilize our TA as a way to facilitate finding solutions to group conflict as well as get feedback for our product
- 7) Continue to communicate well on a daily basis via discord/in person
- 8) Continue to meet the deadlines specified by the syllabus.
- 9) Keep being flexible knowing that all team members have different schedules and priorities.

Work Completed

- 1) "As a collector, I want to be able to easily filter my searches for art so that I can view only the art that is relevant to my tastes and budget"
 - a) Task 1: Implement the ability to filter art based on search criteria
- 2) "As a user, I want to be able to use a web app with cohesive styling and no bugs so that I can find the art I want without the app crashing or looking unappealing"
 - a) Task 2: Finish up the cohesive UI

- b) Task 3: Fix bug in register user to allow for a field specifying the role of the user.
- c) Task 4: Implement the validation for all forms.
- d) Task 5: Implement deleting art from the front end
- e) Task 6: Implement liking art on the front end
- f) Task 8: Create an error component

Work Not Completed

- a) Task 7: Implement uploading photo and description for profile page
 - Although uploading profile photo was implemented, adding a description to the profile page was not completed.

Work Completion Rate

- 1) Total User Stories Completed: 1.99 out of 2
- 2) Total Number of estimated ideal hours worked: 60
- 3) Total Number of Days during the prior sprint: 14
